

Eva Lewarne

Eva Lewarne was born in Poland but has been living now in Canada for many years. She graduated from OCAD after doing a Psychology and English major at the University of Toronto. But really, she has always painted. It was her first and last love.

In the last few of years, she received a Medal from France in a Painting Festival in Avignon. (*Grand Prix*). Not her first there. Also she has shown at the Grand Palais in Paris, before that. Most recently she has shown there again in November of 2015. Photography is her second passion.
